Duke Padmore

FRONT END DEVELOPER
JAVASCRIPT - REACT
AVAILABLE FROM JANUARY 2023

"Thanks to my adaptability, my training, my proficiency in both French & English, as well as my endless desire to learn, I was able to successfully take up new challenges in various fields. I have now transitioned to a career in web development, which I have always been passionate about, and I look forward to an opportunity to discuss the skills and experience that I can bring to your organization."
